

### Task 5: Documentation and Repository Update (Deadline: 28th January, 2025)

- **Recording:** [Task 5 Recording](#).
- **Update Repository:**
  - Add the **Project Name** and a brief **Overview** of your application.
  - List **Components Required** to build your application.
- **Create Visuals:**
  - Design a clear **Pinout Diagram** in PowerPoint to replace the current hand-drawn image.
  - Include a **Circuit Connection** section with a proper illustration.
- **Provide Pin Details:**
  - Create a **Table for Pin Connections** to describe the wiring.
- **Reference:**
  - Use [Smart Door Example](#) for guidance.
  - Refer to the [documentation format](#) for structure.
